*"The Most Famous
Train in the World"*

The New York Central "20th Century Limited" is one of the classic and most recognizable named trains of the 20th Century. Headed by some of the world's most famous locomotives and connecting the great cities of New York City and Chicago, the "20th Century Limited" - along with its competitor from the Pennsylvania Rail Road the "Broadway Limited" - operated for more than 60 years.

Fully refurbished in 1948, the New York Central's premier passenger train was given new life with brand new cars and diesel power, making it the true flagship of the NYC's "Great Steel Fleet"
